

April 28, 2020

Dear Homeowners and Occupants,

Since more of us have been staying home these days, we have had more opportunities for home projects, lawn, shrubs and other landscape maintenance. Dead branches on palm trees can easily be cut down and set by the side of the street where they will be picked up by the city each Thursday morning (trash/recycle day).

Luckily, many of our local retail outlets like Walmart, Home Depot and Lowes have been open to allow us to continue our residential upkeep.

We thank you for continuing to keep our community attractive. We have been walking more and have noticed a few things that could be easily addressed. A lot of the mailboxes are grimy. Soap and water could easily make a mailbox look like new.

When possible, driveways and house walls could be cleaned with various cleaners or pressure washers.

Please refrain from throwing cigarette butts in the street. It is unsightly and they just get into the sewer and end up in the lake.

We have also noticed a lot of miscellaneous items stored in backyards. We would like to pride ourselves in our neighborhood with whatever we can do to make Highland Pointe an attractive place.

If you need any help in maintaining your lawn or landscape, feel free to email the board at board@hphoa.org and we can suggest service contractors for you.

Our website, www.hphoa.org, has information about neighborhood policies and city ordinances.

Sincerely,
Highland Pointe Board of Directors and Officers
